Managing Perfection

Improve the quality of your hatching eggs

The hatching egg that has just been produced is perfect. But how do you make sure that this hatching egg stays perfect? That it is not too warm, that it stays clean and without cracks? In short, how do you manage the perfection of your hatching eggs? Ask Vencomatic. As the marketleader in managing perfection of hatching eggs they know how.

Call us for an appointment: +31 (0)497 – 517380

PETERSIME
INCUBATORS & HATCHERIES

S-line

Single-stage incubators for maximum economic return

Designed to maximize your profit for life

- High chick output
- High uniformity
- Low labour, maintenance and energy costs
- Future proof

The solution for all your needs in terms of capacity, features and expandability.

Two product ranges:

AirStreamerPlus™
Standard model offering all essential functionalities and features of a modern single-stage incubator.

BioStreamer™
Top-of-the-range product adding an advanced user interface and autopilot functions based on Embryo-Response Incubation™ technology.

Three decades of innovating nutritional solutions for poultry

CELEBRATING 30 YEARS IN BUSINESS
30 in 2010
THREE DECADES OF PRIMACY IN SCIENCE

Healthy birds bring healthy returns

That's why poultry producers worldwide look to Alltech® products to boost bottom line margins through optimized fertility, hatchability and chick quality; optimized feed efficiency, meat yield and meat quality; and better overall bird health.

Alltech's cutting-edge brands — Sel-Plex®, Bio-Mos® and Bioplex® Minerals — set a unique example of how all-natural technologies backed by dedicated research can help move your poultry production forward.

Add maximum value

to your process

Our company, a worldwide supplier of poultry processing systems, has the process knowledge and extended sales and service organization to equip and support you, adding maximum value to your process.

Working continuously on innovative technology, we are able to provide solutions for poultry lines up to 12,000 bph and systems to create the desired end products and packing.

We offer solutions for:

- Live bird supply
- Slaughtering, scalding and evisceration
- Chilling
- Cut-up and deboning
- X-ray bone detection
- Portioning and slicing
- Weighing, grading and batching
- Weigh price labeling
- Production control software
- Further processing

Optimize your process. Call to find out more: +31 (0)485 586 111

Nobilis® a *trusted* name in poultry vaccines

Infectious diseases can have a dramatic negative effect on flock performance and profitability. For decades Intervet has been a trusted partner in poultry production, delivering safe, effective and innovative disease solutions.

The Nobilis range of live and inactivated vaccines protects against a wide range of viral and bacterial diseases.

Vaccines such as Nobilis E.coli, Nobilis Salenvac T and Nobilis IB 4/91 have revolutionised poultry health worldwide, making the industry less vulnerable to risk whilst safeguarding profitability.

Intervet's continued commitment to research guarantees future vaccine development, which will protect your assets against the challenges of current and future disease threats.

TOTAL NUTRITION

FEEDING ANIMALS FOR HEALTH AND GROWTH

TOTAL NUTRITION®
feeding animals for health and growth

Kemin's TOTAL **NUTRITION** programme helps the animal feed industry dealing with the challenges it is facing today

TOTAL **NUTRITION** considers both the nutrient levels in the feed and the nutricines in order to achieve good growth performance by healthy animals in a profitable way.

This yields safe food products and reduces environmental impact.

Call your Kemin representative to learn more about the advantages of TOTAL NUTRITION or visit www.kemin.com

VICTAM International 2011

FIAAP International 2011

3 – 5 May 2011 Cologne Exhibition Halls · Cologne · Germany

The showpiece event for the world's animal feed industry

Everything you need from the raw material to the finished product

Visit **VICTAM International**, the world's largest event for the production and processing of animal feeds, dry petfood and aquafeed, together with **FIAAP International**, the only dedicated trade show and conference for the supply, use and formulation of ingredients & additives for animal feeds, dry petfood and aquafeed.

"a partnership in synergy"

Visitors to the shows will find the world's foremost companies supplying specialist equipment, technology, ingredients & additives, used in the formulation & production of animal feeds alongside systems for their handling, storage, packaging & distribution.

Supporting conferences:

- **The VICTAM Feed Processing Conference**
- **The FIAAP Conference**
- **Petfood Forum Europe 2011**
- **Aquafeed Horizons**

Plus

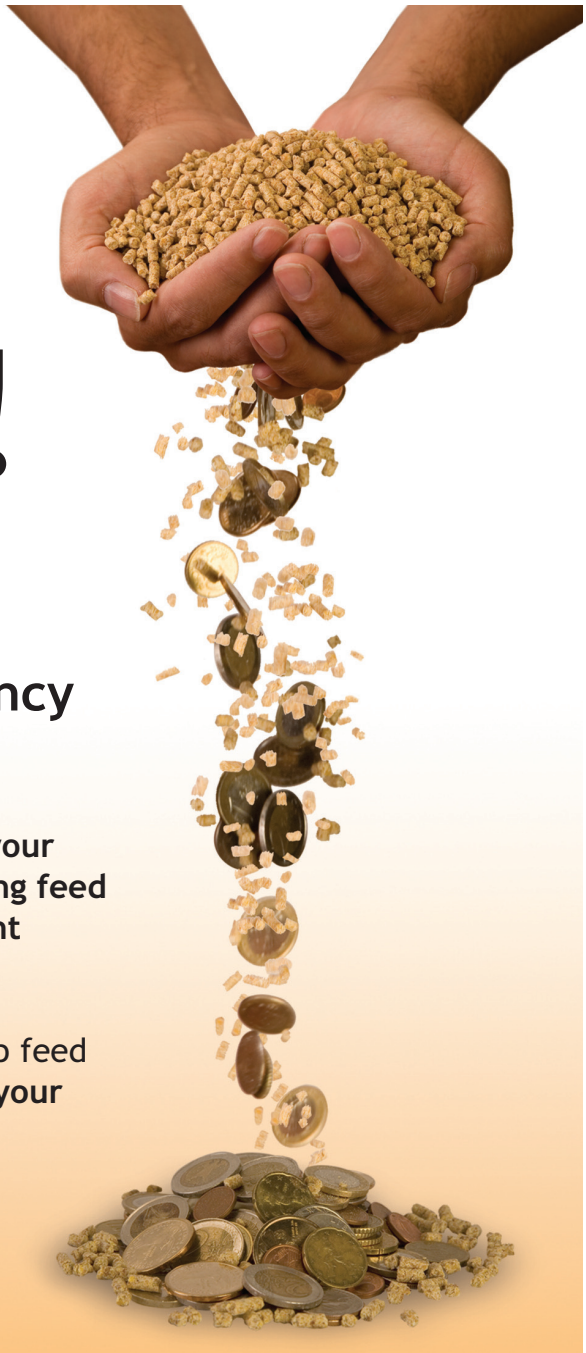

Co-located with GRAPAS International
The exhibition and conference for flour & rice milling, grain processing, industrial pasta & noodle processing, extruded snack & breakfast cereal production.

For conference programmes, delegate registration, travel, accommodation and **free** visitor registration contact:
