EMPLOYMENT OPPORTUNITIES IN LINGUISTICS

In posting the job announcements below, we remind readers that job discrimination is illegal. The Linguistic Society of America thus retains the right to refuse or edit all discriminatory statements from copy sent to the Secretariat for publication in *Language* that are not in consonance with the principles of Title VII of the Civil Rights Act of 1964. The Executive Committee of the LSA hopes that all the job announcements will facilitate open hiring on the basis of merit to the advantage of all.

The LSA accepts listings from academic institutions under censure by the American Association of University Professors (AAUP). However, these listings are identified in this publication by (*) preceding position openings in order to advise applicants that the employing institution or its administration has been censured by the AAUP and that further information may be obtained on the situation from the AAUP.

UNIVERSITY OF MASSACHUSETTS AMHERST: The Linguistics Department invites applications for a tenure-track position in phonology at the assistant professor level, starting September 1, 2011. We seek applicants whose research interests complement those of the current faculty and who can contribute breadth and depth to the department with respect to research, teaching, and advising at the graduate and undergraduate levels. Qualified applicants should have a Ph.D. in linguistics by the time of appointment. Salary commensurate with qualifications and experience. Teaching load 2:2. Applicants should submit a letter of application, statement of research and teaching interests, curriculum vitae, copies of research papers, and evidence of teaching ability, and they should arrange for three letters of reference to be sent. Materials should be sent (hard copy only) to Phonology Search Committee, Department of Linguistics, 226 South College, University of Massachusetts/Amherst, 150 Hicks Way, Amherst, MA 01003-9274.

Review of applications will begin on December 15, 2010, and continue until the position is filled. UMass Amherst is a member of the Academic Career Network, a resource for dual-career couples (http://acn.fivecolleges.edu), and a member of the Five College Consortium along with Amherst, Hampshire, Smith, and Mt. Holyoke Colleges. The University of Massachusetts Amherst is an Affirmative Action/Equal Opportunity Employer. The Linguistics Department is committed to increasing the diversity of the faculty, student body, and curriculum. Women and members of minority groups are strongly encouraged to apply.

THE UNIVERSITY OF TEXAS AT ARLINGTON: The Department of Linguistics and TESOL at The University of Texas at Arlington invites applications for a tenure-track position at the rank of Assistant Professor in Language Documentation, to begin in fall 2011. Candidates must hold an earned doctorate in linguistics, with evidence of success and continued promise in publishing. Potential hires with a successful track record in external grants are of particular interest. ABD candidates will be considered. The ideal candidate is engaged in ongoing community-driven fieldwork with a non-Indo-European language. In addition, the ideal candidate will also have a specialization in one of the core theoretical areas of our department: syntax, semantics, pragmatics, or phonology. Applicants should consider how their training and theoretical approaches are consistent with existing faculty in their core area, since they will share responsibility for grad courses and dissertation direction in the department.

We are a growing department, with new hires, two new research labs, and a new B.A. in linguistics. We offer a Ph.D. in linguistics and M.A. degrees in both linguistics and TESOL. The University of Texas at Arlington is aggressively pursuing Tier One status, seeking to increase doctoral production, undergraduate graduation and retention rates, and extramural funding. The University is highly diverse in its student demographics, and is a doctoral-granting, research-intensive public institution of over 30,000 students in the dynamic Dallas-Fort Worth Metroplex, which has a wide variety of cultural, recreational, and entertainment offerings. Applications from members of underrepresented groups are especially encouraged.

A letter of application for the position in Language Documentation that describes teaching and research interests including a description of fieldwork experience and training, a current curriculum vitae, two writing samples, and three current letters of reference from those most familiar
