PUBLICATIONS RECEIVED

BOOKS

Benati, A. G. (2009). *Japanese language teaching: A communicative approach*. New York: Continuum. Pp. 224. $44.95 paper.

Block, D. (2009). *Second language identities*. New York: Continuum. Pp. 240. $44.95 paper.

Carroli, P. (2008). *Literature in second language education: Enhancing the role of texts in learning*. New York: Continuum. Pp. 232. $150.00 cloth.

Conrick, M., & Regan, V. (2007). *French in Canada: Language issues*. Bern: Peter Lang. Pp. 186. $65.95 paper.

Dörnyei, Z. (2007). *Research methods in applied linguistics: Quantitative, qualitative, and mixed methodologies*. Oxford: Oxford University Press. Pp. 336. $31.50 paper.

Halliday, M. A. K. (2009). *Language and education* (J. J. Webster, Ed.). New York: Continuum. Pp. 416. $49.95 paper.

Kinginger, C. (2008). Language learning in study abroad: Case studies of Americans in France [Monograph]. *The Modern Language Journal, 92*.

Slabakova, R. (2008). *Meaning in the second language*. Berlin: Mouton de Gruyter. Pp. 326. $157.00 cloth.

Verschik, A. (2008). *Emerging bilingual speech: From monolingualism to code-copying*. New York: Continuum. Pp. xv + 272. $150.00 cloth.

JOURNALS

Annual Review of Applied Linguistics 28. (2008). de Bot, K. "Editor's introduction" (vii–ix); Wattendorf, E., & Festman, J. "Images of the multilingual brain: The effect of age of second language acquisition" (3–24); Green, D. W. "Bilingual aphasia: Adapted language networks and their control" (25–48); Savundranayagam, M. Y., & Bouchard Ryan, E. "Social psychological aspects of communication and aging" (51–72); Kempler, D., & Goral, M. "Language and dementia: Neuropsychological aspects" (73–90); Hamilton, H. E. "Language and dementia: Sociolinguistic aspects" (91–110); Murray, L. L. "Language and Parkinson's disease" (113–127); Eigsti, I.-M., & Schuh, J. M. "Neurobiological underpinnings of language in autism spectrum disorders" (128–149); Solomon, O. "Language, autism, and childhood: An ethnographic perspective" (150–169); Burd, L., Christensen, T., & Kerbeshian, J. "Speech, language, and communication in Tourette's syndrome" (170–190); Hsu, C.-F., & Karmiloff-Smith, A. "Language and Williams syndrome" (191–204).

Applied Linguistics 29 (4). (2008). Blackledge, A., & Creese, A. "Contesting 'language' as 'heritage': Negotiation of identities in late modernity" (533–554); Björk-Willén, P. "Routine trouble: How preschool children participate in multilingual instruction" (555–577); Muñoz, C. "Symmetries and asymmetries of age effects in naturalistic and instructed L2 learning" (578–596); Han, Z., Park, E. S., & Combs, C. "Textual enhancement of input: Issues and possibilities" (597–618); Talmy, S. "The cultural productions of the ESL student at Tradewinds High: Contingency, multidirectionality, and identity in L2 socialization" (619–644); Kramsch, C., & Whiteside, A. "Language ecology in multilingual settings: Towards a theory of symbolic competence" (645–671); Rühlemann, C. "A register approach to teaching conversation: Farewell to standard English?" (672–693); Laufer, B., & Girsai, N. "Form-focused instruction in second language vocabulary learning: A case for contrastive analysis and translation" (694–716);

Vanderplank, R. "The significance of first language development in five to nine year old children for second and foreign language learning" (717–722).

Applied Psycholinguistics 30 (1). (2009). Gutiérrez-Palma, N., Raya-Garcia, M., & Palma-Reyes, A. "Detecting stress patterns is related to children's performance on reading tasks" (1–21); Caprin, C., & Guasti, M. T. "The acquisition of morphosyntax in Italian: A cross-sectional study" (23–52); Macleod, A. A. N., & Stoel-Gammon, C. "The use of voice onset time by early bilinguals to distinguish homorganic stops in Canadian English and Canadian French" (53–77); Sunderman, G., & Kroll, J. F. "When study-abroad experience fails to deliver: The internal resources threshold effect" (79–99); Metsala, J. L., Stavrinos, D., & Walley, A. C. "Children's spoken word recognition and contributions to phonological awareness and nonwords repetition: A 1-year follow-up" (101–121); Montgomery, J. W., Evans, J. L., & Gillam, R. B. "Relation of auditory attention and complex sentence comprehension in children with specific language impairment: A preliminary study" (123–151); Jean, M., & Geva, E. "The development of vocabulary in English as a second language children and its role in predicting word recognition ability" (153–185); Emmorey, K., Gertsberg, N., Korpics, F., & Wright, C. E. "The influence of visual feedback and register changes on sign language production: A kinematic study with deaf signers" (187–203).

The Canadian Modern Language Review 65 (2). (2008). Leeser, M. J. "Pushed output, noticing, and development of past tense morphology in content-based instruction" (195–220); Bono, M., & Melo-Pfeifer, S. "Aspects contractuels dans la gestion des intéractions plurilingues en contexte universitaire" (221–248); Rolin-Ianziti, J., & Varshney, R. "Students' views regarding the use of the first language: An exploratory study in a tertiary context maximizing target language use" (249–273); Basharina, O., Guardado, M., & Morgan, T. "Negotiating differences: Instructors' reflections on tensions in international telecollaboration" (275–305); Cheng, L., & Fox, J. "Towards a better understanding of academic acculturation: Second language students in Canadian universities" (307–333).

English Today 24 (4). (2008). Coetzee-Van Rooy, A. S. "From the expanding to the outer circle: South Koreans learning English in South Africa" (3–10); Burrows, C. "An evaluation of task-based learning (TBL) in the Japanese classroom" (11–16); Markus, M. "The relevance of spoken features in English as a foreign language (EFL)" (17–25); Yajun, J., & Zaixin, R. "Translated English and universals of translation" (26–33); Xianlong, F. "A changing target language: Trends in American English as viewed from the EFL perspective of China" (34–41); Pillai, S. "Speaking English the Malaysian way—Correct or not?" (42–45); Fang, F. "*People mountain, people sea*: A study of four Chinese English idioms on the Web" (46–50); Agnihotri, R. K. "Continuing debates over the native speaker: A report on a symposium on English in India and Indian English" (51–57); Tulloch, A. "The thyme is nigh" (59–61).

Guijarro-Fuentes, P., & Geeslin, K. L. (Eds.). (2008). *Language acquisition, bilingualism and copula choice in Spanish* [Special issue]. *Bilingualism: Language and Cognition* 11 (3). Guijarro-Fuentes, P., & Geeslin, K. L. "Introduction to language acquisition, bilingualism and copula choice in Spanish" (273–275); Woolsey, D. "From theory to research: Contextual predictors of '*estar* + adjective' and the study of the SLA of Spanish copula choice" (277–295); Lafford, B. A. "From theory to research: Contextual predictors of '*estar* + adjective' and the study of the SLA of Spanish copula choice—A response to Woolsey" (297–300); Cheng, A. C., Lu, H.-C., & Giannakouros, P. "The uses of Spanish copulas by Chinese-speaking learners in a free writing task" (301–317); Collentine, J. "The role of discursive features in SLA modeling and grammatical frequency: A response to Cheng, Lu and Giannakouros" (319–321); Bruhn de Garavito, J., & Valenzuela, E. "Eventive and stative passives in Spanish L2 acquisition: A matter of aspect" (323–336); Montrul, S. "Form-meaning mappings in the aspectual domain: What about the L1? A response to Bruhn de Garavito and Valenzuela" (337–339); Silva-Corvalán, C., & Montanari, S. "The acquisition of *ser*, *estar* (and *be*) by a Spanish-English bilingual child: The early stages" (341–360); Sera, M. D. "Commentary on 'copular acquisition': A response to Silva-Corvalán and Montanari" (361–363); Geeslin, K. L., & Guijarro-Fuentes, P. "Variation in contemporary Spanish: Linguistic predictors of *estar* in four cases of language contact" (365–380); Klee, C. A. "The role of language contact in semantic change: *Ser* and *estar*—A response to Geeslin and Guijarro-Fuentes" (381–382); Zyzik, E., & Gass, S. "Epilogue: A tale of two copulas" (383–385).

International Journal of Bilingual Education and Bilingualism 11 (6). (2008). Parkes, J. "Who chooses dual language education for their children and why" (635–660); Lavoie, C. "'Hey, teacher, speak Black please': The educational effectiveness of bilingual education in Burkina Faso" (661–677); Mueller Gathercole, V. C., Thomas, E. M., & Hughes, E. "Designing a normed receptive vocabulary test for bilingual populations: A model from Welsh" (678–720); Igboanusi, H. "Mother tongue-based bilingual education in Nigeria: Attitudes and practice" (721–734).

International Review of Applied Linguistics in Language Teaching 46 (4). (2008). Scheffler, P. "The natural approach to adult learning and teaching of L2 grammar" (289–313); Spinner, P., & Juffs, A. "L2 grammatical gender in a complex morphological system: The case of German" (315–348); Sasaki, T. "Concurrent think-aloud protocol as a socially situated construct" (349–374); Huang, S.-C. "Raising learner-initiated attention to the formal aspects of their oral production through transcription and stimulated reflection" (375–392).

Journal of Child Language 36 (1). (2009). Tania, Z. S. "The structure and nature of phonological neighbourhoods in children's early lexicons" (3–21); Spenader, J., Smits, E.-J., & Hendriks, P. "Coherent discourse solves the pronoun interpretation problem" (23–52); Spere, K. A., Evans, M. A., Hendry, C.-A., & Mansell, J. "Language skills in shy and non-shy preschoolers and the effects of assessment context" (53–71); Chen, L.-M., & Kent, R. D. "Development of prosodic patterns in Mandarin-learning infants" (73–84); Krott, A., Gagné, C. L., & Nicoladis, E. "How the parts relate to the whole: Frequency effects on children's interpretations of novel compounds" (85–112); Stavrakaki, S., & Clahsen, H. "The perfective past tense in Greek child language" (113–142); Mariscal, S. "Early acquisition of gender agreement in the Spanish noun phrase: Starting small" (143–171); Demuth, K., & McCullough, E. "The prosodic (re)organization of children's early English articles" (173–200); Childers, J. B., & Paik, J. H. "Korean- and English-speaking children use cross-situational information to learn novel predicate terms" (201–224).

Language Testing 26 (1). (2009). Sawaki, Y., Stricker, L. J., & Oranje, A. H. "Factor structure of the TOEFL Internet-based test" (5–30); Jang, E. E. "Cognitive diagnostic assessment of L2 reading comprehension ability: Validity arguments for fusion model application to *LanguEdge* assessment" (31–73); Matsuno, S. "Self-, peer-, and teacher-assessments in Japanese university EFL writing classrooms" (75–100); Yamada, K. "Lexical patterns in L2 textual gist identification assessment" (101–122); Fulcher, G., & Davidson, F. "Test architecture, test retrofit" (123–144).

The Modern Language Journal 93 (1). (2009). Swain, M., Lapkin, S., Knouzi, I., Suzuki, W., & Brooks, L. "Languaging: University students learn the grammatical concept of voice in French" (5–29); Menard-Warwick, J. "Co-constructing representations of culture in ESL and EFL classrooms: Discursive faultlines in Chile and California" (30–45); Brown, A. V. "Students' and teachers' perceptions of effective foreign language teaching: A comparison of ideals" (46–60); Liu, D., & Jiang, P. "Using a corpus-based lexicogrammatical approach to grammar instruction in EFL and ESL contexts" (61–78); Benson, P., Chik, A., Gao, X., Huang, J., & Wang, W. "Qualitative research in language teaching and learning journals, 1997–2006" (79–90); Loewen, S., Li, S., Fei, F., Thompson, A., Nakatsukasa, K., Ahn, S., & Chen, X. "Second language learners' beliefs about grammar instruction and error correction" (91–104).

Sabourin, L. (Ed.). (2009). *Neuroimaging and research into second language acquisition*. [Special issue]. *Second Language Research* 25 (1). Sabourin, L. "Neuroimaging and research into second language acquisition" (5–11); Steinhauer, K., White, E. J., & Drury, J. E. "Temporal dynamics of late second language acquisition: Evidence from event-related brain potentials" (13–41); Mueller, J. L. "The influence of lexical familiarity on ERP responses during sentence comprehension in language learners" (43–76); Reiterer, S., Pereda, E., & Bhattacharya, J. "Measuring second language proficiency with EEG synchronization: How functional cortical networks and hemispheric involvement differ as a function of proficiency level in second language speakers" (77–106); Mondt, K., Balériaux, D., Paquier, T. M. P., Van de Craen, P., Van den Noort, M., & Denolin, V. "An fMRI study of level of proficiency as a predictor of neurocognitive convergence for L1/L2 during a lexicosemantic task in a paediatric population" (107–134); Schmidt, G. L., & Roberts, T. P. L. "Second language research using magnetoencephalography: A review" (135–166).
