AFTER THE VIRUS

Lessons from the Past for a Better Future

Hilary Cooper and Simon Szreter | Paperback | c. £12.99 / c. $15.99

After the Virus is a provocative manifesto for change post-COVID-19. Shining a light on the deep fractures in our society, Hilary Cooper and Simon Szreter reveal why the UK was unable to respond effectively to the pandemic and what we can learn from our own history to forge a fairer, more resilient future.

"It should be in the hands of everyone in the country, particularly in Parliament, who cares about, and has responsibility for, our future."

Sir David King, former UK Chief Scientific Adviser and Climate Envoy, Chair of Independent SAGE

"What lessons does the past hold for shaping a better post-pandemic future? This book, with its powerful account of the intolerable inequalities of the present, argues for a revival of the moral foundations of the successful social contracts of earlier periods of British history."

Diane Coyle, author of *Markets, State and People: Economics for Public Policy*

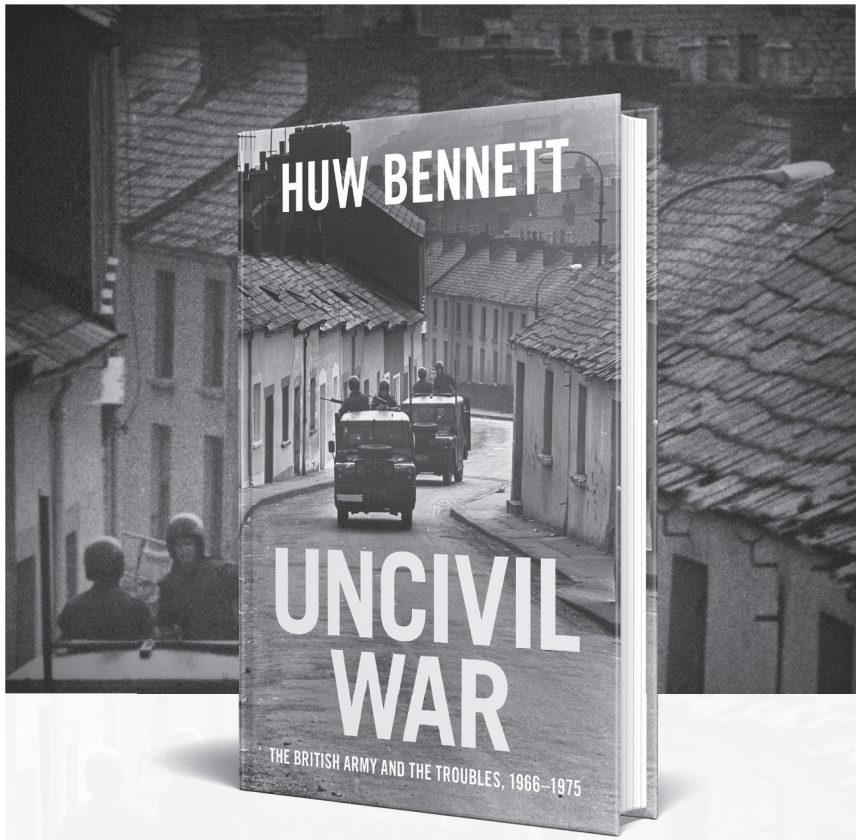

"Impressive analysis of how 40 years of neoliberalism severely increased inequalities and the impact of the pandemic, and how a secure, mutually supportive society with a strong economy can be restored. Let's hope our government finds it inspiring and acts accordingly."

Pat Thane, author of *Divided Kingdom. A History of Britain, 1900 to the Present*
