PUBLICATIONS RECEIVED

BOOKS

Cantos Gómez, P. (2013). *Statistical methods in language and linguistic research*. Sheffield, UK: Equinox. Pp. xii + 260. $34.85 paper.

Cutler, A. (2012). *Native listening: Language experience and the recognition of spoken words*. Cambridge, MA: MIT Press. Pp. xvii + 555. $50.00 cloth.

East, M. (2012). *Task-based language teaching from the teachers' perspective: Insights from New Zealand*. Amsterdam: Benjamins. Pp. ix + 259. $49.95 paper.

Francis, N. (2013). *Bilingual development and literacy learning: East Asian and international perspectives*. Kowloon: City University of Hong Kong Press. Pp. xv + 257. $29.00 paper.

Ghia, E. (2012). *Subtitling matters: New perspectives on subtitling and foreign language learning*. Bern: Peter Lang. Pp. xiv + 220. $68.95 paper.

Grebenyova, L. (2012). *Syntax, semantics and acquisition of multiple interrogatives: Who wants what?* Amsterdam: Benjamins. Pp. xviii + 191. $149.00 cloth.

Grosjean, F., Li, P., Bialystok, E., Barac, R., de Groot, A. M. B., Manchón, R. M., & Yip, V. (2013). *The psycholinguistics of bilingualism*. Oxford: Wiley-Blackwell. Pp. viii + 248. $34.95 paper.

Thomas, M. (2012). *Universal Grammar in second language acquisition: A history*. London: Routledge. Pp. vii + 262. $49.95 paper.

JOURNALS

Annual Review of Applied Linguistics 32. (2012). Bannard, C., & Lieven, E. "Formulaic language in L1 acquisition" (3–16); Ellis, N. C. "Formulaic language and second language acquisition: Zipf and the phrasal teddy bear" (17–44); Conklin, K., & Schmitt, N. "The processing of formulaic language" (45–61); Van Lancker Sidtis, D. "Formulaic language and language disorders" (62–80); Boers, F., & Lindstromberg, S. "Experimental and intervention studies on formulaic sequences in a second language" (83–110); Meunier, F. "Formulaic language and language teaching" (111–129); Paquot, M., & Granger, S. "Formulaic language in learner corpora" (130–149); Hyland, K. "Bundles in academic discourse" (150–169); Burdelski, M., & Minegishi Cook, H. "Formulaic language in language socialization" (173–188); Bell, N. "Formulaic language, creativity, and language play in a second language" (189–205); Bardovi-Harlig, K. "Formulas, routines, and conventional expressions in pragmatics research" (206–227); Wray, A. "What do we (think we) know about formulaic language? An evaluation of the current state of play" (231–254).

Applied Linguistics 33 (5). (2012). McNamara, T. "Poststructuralism and its challenges for applied linguistics" (473–482); Kramsch, C. "Imposture: A late modern notion in poststructuralist SLA research" (483–502); Busch, B. "The linguistic repertoire revisited" (503–523); Harissi, M., Otsuji, E., & Pennycook, A. "The performative fixing and unfixing of subjectivities" (524–543); Freadman, A. "The traps and trappings of genre theory" (544–563); McNamara, T. "Language assessments as shibboleths: A poststructuralist perspective" (564–581); Phipps, A. "Voicing solidarity: Linguistic hospitality and poststructuralism in the real world" (582–602); Scheffler, P. "Theories pass: Learners and teachers remain" (603–607); Halbach, A. "Questions about basic interpersonal communication skills and cognitive language proficiency" (608–613).

Applied Linguistics 34 (1). (2013). Jiang, W. "Measurements of development in L2 written production: The case of L2 Chinese" (1–24); Gardner, S., & Nesi, H. "A classification of genre families in university student writing" (25–52); Gallagher, H. C. "Willingness to communicate and cross-cultural adaptation: L2 communication and acculturative stress as transaction" (53–73); Park, E. S. "Learner-generated noticing behavior by novice learners: Tracing the effects of learners' L1 on their emerging L2" (74–98); Mahmoud Abdel Latif, M. M. "What do we mean by writing fluency and how can it be validly measured?" (99–105).

Applied Psycholinguistics 34 (1). (2013). Andreu, L., Sanz-Torrent, M., & Trueswell, J. C. "Anticipatory sentence processing in children with specific language impairment: Evidence from eye movements during listening" (5–44); Hao, M., Chen, X., Dronjic, V., Shu, H., & Anderson, R. C. "The development of young Chinese children's morphological awareness: The role of semantic relatedness and morpheme type" (45–67); Ellis Weismer, S., Venker, C. E., Evans, J. L., & Jones Moyle, M. "Fast mapping in late-talking toddlers" (69–89); Poupart, A., Trudeau, N., & Sutton, A. "Construction of graphic symbol sequences by preschool-aged children: Learning, training, and maintenance" (91–109); Gildersleeve-Neumann, C. E., Davis, B. L., & MacNeilage, P. F. "Syllabic patterns in the early vocalizations of Quichua children" (111–134); Diehl, J. J., & Paul, R. "Acoustic and perceptual measurements of prosody production on the profiling elements of prosodic systems in children by children with autism spectrum disorders" (135–161); Ganushchak, L. Y., Krott, A., Frisson, S., & Meyer, A. S. "Processing words and Short Message Service shortcuts in sentential contexts: An eye movement study" (163–179); Pizzioli, F., & Schelstraete, M.-A. "Real-time sentence processing in children with specific language impairment: The contribution of lexicosemantic, syntactic, and world-knowledge information" (181–120).

Bavin, E. L., & Naigles, L. R. (Eds.). (2013). Atypical development [Special issue]. *Journal of Child Language* 40 (1). Naigles, L. R., & Bavin, E. L. "Introduction: Special issue on atypical development" (1–10); Kerkhoff, A., De Bree, E., De Klerk, M., & Wijnen, F. "Non-adjacent dependency learning in infants at familial risk of dyslexia" (11–28); Bedford, R., Gliga, T., Frame, K., Hudry, K., Chandler, S., Johnson, M. H., Charman, T., & The Basis Team. "Failure to learn from feedback underlies word learning difficulties in toddlers at risk for autism" (29–46); Rescorla, L., & Safyer, P. "Lexical composition in children with autism spectrum disorder (ASD)" (47–68); Özçalişkan, Ş., Levine, S. C., & Goldin-Meadow, S. "Gesturing with an injured brain: How gesture helps children with early brain injury learn linguistic constructions" (69–105); Levy, Y., & Eilam, A. "Pathways to language: A naturalistic study of children with Williams syndrome and children with Down syndrome" (106–138); Abdalla, F., Aljenaie, K., & Mahfoudhi, A. "Plural noun inflection in Kuwaiti Arabic-speaking children with and without Specific Language Impairment" (139–168); Ott, S., & Höhle, B. "Verb inflection in German-learning children with typical and atypical language acquisition: The impact of subsyllabic frequencies" (169–192); Marshall, C. R., Rowley, K., Mason, K., Herman, R., & Morgan, G. "Lexical organization in deaf children who use British Sign Language: Evidence from a semantic fluency task" (193–220); Mengoni, S. E., Nash, H., & Hulme, C. "The benefit of orthographic support for oral vocabulary learning in children with Down syndrome" (221–243); Finestack, L. H., Sterling, A. M., & Abbeduto, L. "Discriminating Down Syndrome and Fragile X Syndrome based on language ability" (244–265); Plesa Skwerer, D., Ammerman, E., & Tager-Flusberg, H. "Do you have a question for me? How children with Williams syndrome respond to ambiguous referential communication during a joint activity" (266–289).

Bilingualism: Language and Cognition 16 (1). (2013). Albirini, A., Benmamoun, E., & Chakrani, B. "Gender and number agreement in the oral production of Arabic heritage speakers" (1–18); Simard, D., Fortier, V., & Foucambert, D. "Measuring metasyntactic ability among heritage language children" (19–31); Byers-Heinlein, K. "Parental language mixing: Its measurement and the relation of mixed input to young bilingual children's vocabulary size" (32–48); Hayashi, Y., & Murphy, V. A. "On the nature of morphological awareness in Japanese-English bilingual children: A cross-linguistic perspective" (49–67); Barlow, J. A., Branson, P. E., & Nip, I. S. B. "Phonetic equivalence in the acquisition of /l/ by Spanish-English bilingual children" (68–85); Unsworth, S. "Assessing the role of current and CUMULATIVE exposure in simultaneous bilingual acquisition: The case of Dutch gender" (86–110); Muntendam, A. G. "On the nature of cross-linguistic

transfer: A case study of Andean Spanish" (111–131); Morett, L. M., & MacWhinney, B. "Syntactic transfer in English-speaking Spanish learners" (132–151); Trenkic, D., & Pongpairoj, N. "Referent salience affects second language article use" (152–166); Pliatsikas, C., & Marinis, T. "Processing empty categories in a second language: When naturalistic exposure fills the (intermediate) gap" (167–182); Boada, R., Sánchez-Casas, R., Gavilán, J. M., García-Albea, J. E., & Tokowicz, N. "Effect of multiple translations and cognate status on translation recognition performance of balanced bilinguals" (183–197); Byers-Heinlein, K., Fennell, C. T., & Werker, J. F. "The development of associative word learning in monolingual and bilingual infants" (198–205); Liu, C., & Jin, S.-H. "Intelligibility of American English vowels of native and non-native speakers in quiet and speech-shaped noise" (206–218); Kang, S.-G. "The role of language dominance in cross-linguistic syntactic influence: A Korean child's use of null subjects in attriting English" (219–230); Dewaele, J.-M., & Wei, L. "Is multilingualism linked to a higher tolerance of ambiguity?" (231–240).

Bilingualism: Language and Cognition 16 (2). (2013). Tanner, D., McLaughlin, J., Herschensohn, J., & Osterhout, L. "Individual differences reveal stages of L2 grammatical acquisition: ERP evidence" (367–382); Jared, D., Pei Yun Poh, R., & Paivio, A. "L1 and L2 picture naming in Mandarin-English bilinguals: A test of Bilingual Dual Coding Theory" (383–396); Ulbrich, C., "German pitches in English: Production and perception of cross-varietal differences in L2" (397–419); Coderre, E. L., van Heuven, W. J. B., & Conklin, K. "The timing and magnitude of Stroop interference and facilitation in monolinguals and bilinguals" (420–441); Eddington, C. M., & Tokowicz, N. "Examining English-German translation ambiguity using primed translation recognition" (442–457); Prior, A., Kroll, J. F., & MacWhinney, B. "Translation ambiguity but not word class predicts translation performance" (458–474).

Canadian Modern Language Review 69 (1). (2013). Ranta, L., & Meckelborg, A. "How much exposure to English do international graduate students really get? Measuring language use in a naturalistic setting" (1–33); Aguilar Río, J. I. "L'assouplissement du schéma IRF en classe de langue comme principe d'un agir professoral: Une initiative individuelle, un accomplissement collectif" (34–64); Hummel, K. M. "Target-language community involvement: Second-language linguistic self-confidence and other perceived benefits" (65–90); Poupore, G. "Task motivation in process: A complex systems perspective" (91–116).

Dollinger, S., & Clarke, S. (Eds.). (2012). Symposium on Canadian English [Special issue]. *World Englishes* 31 (4). Dollinger, S., & Clarke, S. "On the autonomy and homogeneity of Canadian English" (449–466); Chambers, J. K. "Homogeneity as a sociolinguistic motive in Canadian English" (467–477); Roeder, R. "The Canadian shift in two Ontario cities" (478–492); Boberg, C. "English as a minority language in Quebec" (493–502); Clarke, S. "Phonetic change in Newfoundland English" (503–518); Dollinger, S. "The western Canada-US border as a linguistic boundary: The roles of L1 and L2 speakers" (519–533); Sadlier-Brown, E. "Homogeneity and autonomy of Canadian Raising" (534–548).

English Today 28 (4). (2012). Durkin, P. "Variation in the lexicon: The 'Cinderella' of sociolinguistics?" (3–9); Beal, J., & Burbano-Elizondo, L. "'All the Lads and Lasses': Lexical variation in Tyne and Wear" (10–22); Robinson, J. "Lexical variation in the *BBC Voices Recordings*" (23–37); Robinson, J. A. "A *gay* paper: Why should sociolinguistics bother with semantics?" (38–54); Poole, B. "Characteristic lexical choices in Singaporean English" (55–59); Ruano García, J. "Late Modern Lancashire English in lexicographical context: Representations of Lancashire speech and the *English Dialect Dictionary*" (60–68).

English Today 29 (1). (2013). Bekker, I. "The formation of South African English" (3–9); van Rooy, B. "Corpus linguistic work on Black South African English" (10–15); Botha, Y. "Corpus evidence of anti-deletion in Black South African English noun phrases" (16–21); McKinney, C. "Orientations to English in post-apartheid schooling" (22–27); Anthonissen, C. "'*With English the world is more open to you*'—language shift as marker of social transformation" (28–35); Mesthrie, R. "Where does a New English dictionary stop? On the making of the *Dictionary of South African Indian English*" (36–43); Deumert, A., & Mabandla, N. "'Every day a new shop pops up'—South Africa's 'new' Chinese diaspora and the multilingual transformation of rural towns" (44–52); Minter, L. "Translation and South African English literature: Van Niekerk and Heyns' *Agaat*" (53–57); Murray, J. "Review article: Homer the South Africa" (61–58).

Hopp, H. (Ed.). (2013). Morphology in L2 acquisition [Special issue]. *Second Language Research* 29 (1). Hopp, H. "The development of L2 morphology" (3–6); Clahsen, H., Balkhair, L., Schutter, J.-S., & Cunnings, I. "The time course of morphological processing in a second language" (7–31); Hopp, H. "Grammatical gender in adult L2 acquisition: Relations between lexical and syntactic variability" (33–56); Hwang, S. H., & Lardiere, D. "Plural-marking in L2 Korean: A feature-based approach" (57–86); Montrul, S., de la Fuente, I., Davidson, J., & Foote, R. "The role of experience in the acquisition and production of diminutives and gender in Spanish: Evidence from L2 learners and heritage speakers" (87–118); Ionin, T. "Review article: Recent publications in research methods in second language acquisition" (119–128).

Journal of Child Language 40 (2). (2013). Vázquez, M. D., DeLisle, S. S., & Saylor, M. M. "Four- and six-year-olds use pragmatic competence to guide word learning" (291–306); McKean, C., Letts, C., & Howard, D. "Functional reorganization in the developing lexicon: Separable and changing influences of lexical and phonological variables on children's fast-mapping" (307–335); Stolt, S., Matomäki, J., Haataja, L., Lapinleimu, H., Lehtonen, L., & The Pipari Study Group. "The emergence of grammar in very-low-birth-weight Finnish children at two years of age" (336–357); Sethuraman, N., & Smith, L. B. "Verbs and attention to relational roles in English and Tamil" (358–390); Ramírez, N. F., Lieberman, A. M., & Mayberry, R. I. "The initial stages of first-language acquisition begun in adolescence: When late looks early" (391–414); Southwood, F. "Towards a dialect-neutral assessment instrument for the language skills of Afrikaans-speaking children: The role of socioeconomic status" (415–437); Crutchley, A. "Structure of child and adult past counterfactuals, and implications for acquisition of the construction" (438–468); Salomo, D., Lieven, E., & Tomasello, M. "Children's ability to answer different types of questions" (469–491); Chetail, F., & Mathey, S. "Interaction between phonemic abilities and syllable congruency effect in young readers" (492–508).

Journal of Pidgin and Creole Languages 28 (1). (2013). Mather, P.-A. "Creoles and educational policy" (1–11); Syea, A. "Serial verb constructions in Indian Ocean French Creoles (IOCs): Substrate, universal, or an independent diachronic development?" (13–64); Velázquez-Castillo, M., & Hudgens Henderson, M. "*Quiero para mi novio*: Aspectual uses of *para* in Paraguayan Spanish" (65–102); Mesthrie, R., & Hurst, E. "Slang registers, code-switching and restructured urban varieties in South Africa: An analytic overview of tsotsitaals with special reference to the Cape Town variety" (103–130); McWhorter, J. "Language turned off? The legacy of the bioprogram hypothesis" (131–136); Dupré, F. "TXT MSG'ing among French Reunion 18- to 25-year-olds: A pilot study of mobile-mediated communication in a diglossic context" (137–153); Jacobs, B. "Reassessment of the Portuguese contribution to the Papiamentu lexicon" (154–165); McWhorter, J. "Why noncompositional derivation isn't boring: A second try on the 'other' part of the Creole prototype hypothesis" (167–179).

Language in Society 42 (1). (2013). Alarcón, A., & Heyman, J. McC. "Bilingual call centers at the US-Mexico border: Location and linguistic markers of exploitability" (1–21); Piller, I., & Cho, J. "Neoliberalism as language policy" (23–44); Haworth, K. "Audience design in the police interview: The interactional and judicial consequences of audience orientation" (45–69); Maryns, K. "Procedures without borders: The language-ideological anchorage of legal-administrative procedures in translocal institutional settings" (71–92).

Language Testing 30 (1). (2013). van Steensel, R., Oostdam, R., & van Gelderen, A. "Assessing reading comprehension in adolescent low achievers: Subskills identification and task specificity" (3–21); Jin, T., & Mak, B. "Distinguishing features in scoring L2 Chinese speaking performance: How do they work?" (23–47); Xie, Q., & Andrews, S. "Do test design and uses influence test preparation? Testing a model of washback with Structural Equation Modeling" (49–70); Tillema, M., van den Bergh, H., Rijlaarsdam, G., & Sanders, T. "Quantifying the quality difference between L1 and L2 essays: A rating procedure with bilingual raters and L1 and L2 benchmark essays" (71–97); Lee, H., & Winke, P. "The differences among three-, four-, and five-option-item formats in the context of a high stakes English-language listening test" (99–123); Attali, Y., Lewis, W., & Steier, M. "Scoring with the computer: Alternative procedures for improving the reliability of holistic essay scoring" (125–141).
