PUBLISHER: Infection Control and Hospital Epidemiology (ISSN-0899-823X, Canadian GST#129780466) is published exclusively by SLACK Incorporated 12 times a year. Address: 6900 Grove Rd., Thorofare, NJ 08086. Telephone: (609) 848-1000.

COPYRIGHT 1997 The Society for Healthcare Epidemiology of America, Inc., and SLACK Incorporated. All rights reserved. No part of this publication may be reproduced without written permission from the publisher. Printed in the USA.

SUBSCRIPTIONS: Requests should be addressed to the publisher (except Japan). In Japan, contact Woodbell Incorporated, 4-22-11, Kitakasai, Edogawaku, Tokyo 134, Japan. Subscription rates in the United States and possessions: Individual: One year-$98.00; Two years-$136.00; Three years-$169.00; Institutional: One year-$120.00; Two years-$170.00; Three years-$220.00. Fellows: $49 per year with proof of training status. Canada: $19.00 additional each year plus 7% for Canadian Goods & Services tax; all other countries: $38.00 additional each year. Overseas surface, $84.00 each year overseas air mail. Single copies of current issues may be obtained for $15.00, United States and possessions; $20.00 all other countries.

INSTRUCTIONS TO AUTHORS: Authors may submit manuscripts prepared in accordance with the 1997 revision of the "Uniform Requirements for Manuscripts Submitted to Biomedical Journals." The Uniform Requirements has been published in several journals, including *Infect Control Hosp Epidemiol* 1997;18:457-464 and *Ann Intern Med* 1997;126:36-47. A digital version is available on our web site (http://www.slackinc.com/general/iche/ichehome.htm). Submit to "ICHE Editorial Offices, Vanderbilt University School of Medicine, A-1131 Medical Center North, Nashville, TN 37232-2637, USA."

REPRINTS: All requests to reprint or use material published herein should be addressed to Jennifer McGovern, SLACK Incorporated, 6900 Grove Rd., Thorofare, NJ 08086. For reprint orders and prices, contact Jennifer McGovern at (609)848-1000. Authorization to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by SLACK Incorporated, provided that the base fee of $1.00 per copy, plus $.15 per page is paid directly to Copyright Clearance Center, 27 Congress St., Salem, MA 01970. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotional purposes, or for creating new collective works.

CHANGE OF ADDRESS: Notice should be sent to the publisher six weeks in advance of effective date. Include old and new addresses with zip codes. The publisher cannot accept responsibility for undelivered copies. Periodicals postage paid at Thorofare, New Jersey 08086-9447 and at additional mailing offices. POSTMASTER: Send address changes to SLACK Incorporated, 6900 Grove Rd., Thorofare, NJ 08086.

INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY is listed in Index Medicus, Current Contents-Clinical Practice, Hospital Literature Index, Cumulative Index to Nursing & Allied Health Literature, Nursing Abstracts, Laboratory Performance Information Exchange System, and RNdex Top 100.

ALL THE ANSWERS UNDER ONE COVER

Learn From The Experts

A Practical Handbook for Hospital Epidemiologists

Edited by Loreen A. Herwaldt, MD
and co-edited by Michael D. Decker, MD, MPH

Soft Cover, 250 pp, ISBN 1-55642-302-0, Order# 13020, $39.95

A Practical Handbook for Hospital Epidemiologists is the most complete source for practical advice on hospital epidemiology It is intended to be a pragmatic guide that will assist both beginning and experienced epidemiologists in establishing and operating a successful hospital epidemiology program.

This handbook will supplement the various scientific references already available for hospital epidemiologists. It will provide practical information and advice regarding many aspects of operating a hospital epidemiology program and will help hospital epidemiologists improve their practices.

The Society for Healthcare Epidemiology of America (SHEA) has recruited the most recognized leaders in the field to share their expertise. They will share successful strategies for handling specific situations. The authors cover many topics that every newcomer should know but are usually learned through experience. These topics include:

- Overarching goals and ethical principles you should adopt to guide your practice
- What you can do to educate yourself
- How to negotiate with the administration and communicate with colleagues
- How to develop policies and procedures
- How to develop a surveillance system

Contents

Getting Started

Chapter 1: An Introduction to Practical Hospital Epidemic&y

Chapter 2: The Hospital Epidemiologist-Practical Ideas

Chapter 3: Educational Needs and Opportunities for the Hospital Epidemiologist

Chapter 4: Negotiating with the Administration—or How to Get Rid for Doing Hospital Epidemiology

Chapter 5: The Infection Control Committee

Chapter 6: Developing Policies and Guidelines

Chapter 7: Intramural and Extramural Communication

Chapter 8: Ethical Aspects of Infection Control

Surveillance and Analysis

Chapter 9: Basics of Surveillance-An Overview

Chapter 10: Hospital-Acquired Pneumonia: Perspectives for the Health Care Epidemiologist

Chapter 11: Basics of Surgical Wound Infection Surveillance

Chapter 12: Surveillance for Infections Associated with Vascular Catheters

Chapter 13: Designing Surveillance for Noninfectious Outcomes of Medical Care

chapter 14: Outbreak Investigations

Chapter 15: Exposure Work-Ups

Chapter 16: Isolation

Chapter 17: Basics of Stratifying for Severity of Illness

Chapter 18: Quantitative Epidemiology

Support Functions

Chapter 19: Microcomputers in Hospital Epidemiology

Chapter 20: The Computer-Based Patient Record: The Role of the Hospital Epidemiologist

Chapter 21: Basic Microbiologic Support for Hospital Epidemiology

Chapter 22: Epidemiologic Typing Systems

Special Topics

Chapter 23: Epidemidogic Approaches to Quality Assessment

Chapter 24: Disinfection and Sterilization of Patient Care Items

Chapter 25: Controlling Use of Antimicrobial Agents

Chapter 26: Product Evaluation

Chapter 27: Employee Health and Infection Control

Chapter 28: Tuberculosis Control in Healthcare

Chapter 29: Infection Control Issues in Construction and Renovation

Chapter 30: Hospital Epidemiology in Smaller Hospitals

Chapter 31: Infection Control in public Hospitals

Chapter 32: Infection Control in Long-Term Care Facilities

Chapter 33: Infection Control in the Outpatient Setting

Chapter 34: OSHA Inspections

Chapter 35: Preparing far and Surviving a JCAHO Inspection

PREVENTION 98

TRANSLATING SCIENCE INTO ACTION

April 2 - 5, 1998 . San Francisco, CA

Don't Miss the Most Important Preventive Medicine Meeting of the Year!

PREVENTION 98: Translating Science Into Action will provide a major forum for physicians and other health professionals with special expertise or interest in disease prevention and health promotion.

This year, **PREVENTION** will examine preventive medicine expertise and explore ways that this expertise can be translated into ethical, effective, evidence-based action and policy. The program will emphasize skill-building and will feature sessions on important topics such as:

*Practice guidelines development
*Undergraduate and graduate medical education
*Medical management
*Quality assurance
*Cancer screening
*Community preventive services
*Clinical preventive services

AMA cat. 1 credit will be awarded. For information, contact **PREVENTION 98** at (202) 466-2569, prevention@acpm.org or write 1660 L Street, NW, Suite 206, Washington DC 20036.

SHEA

Eighth Annual Scientific Meeting

April 5-7 1998. Hilton Walt Disney World Village. Orlando, Florida

SATURDAY, APRIL 4, 1998

WORKSHOP I
Compliance with new JCAHO Performance Measurement Requirements (ORYX) for Accreditation: Ready or Not?

WORKSHOP II
DNA Typing Techniques in Infection Control - Who, What, When, Where and Why?

WORKSHOP III
Infection Control Problem Solving in Long Term Facilities

WORKSHOP IV
Antimicrobial Control Problems: Justification, Implementation and Evaluation

SUNDAY, *APRIL 5, 1998 -*
TUESDAY, APRIL 7, ***1998***

PLENARY SESSIONS:

Never Ending Struggle: Resistant Pathogens
- The Epidemiology of VRE in Two Continents - Are the Differences Real or Perceived?
- Multi Drug Resistant Pneumococcus - Lessons Learned from The Canadian Experience
- Multi Drug Resistant - Gram Negative Pathogens - Early Detection and Control

The Role of Antibiotic Control
- Do We Need and What is the Utility of Antibiotic Control?
- How to Control Antibiotic Use - A National Approach: Europe
- Antibiotic Control in the Absence of a National Policy: Effective Tools

Public Disclosure of Process and Outcome Measures: Point/Counter Point

Infection Control in Evolving Healtbcare Systems
- Surveillance in Freestanding Surgical Centers: Experience with an International Patient Base
- Pre-Hospital Infection Control - The Missing Piece
- Healthcare Surveillance: What Should Be Included?

SYMPOSIA:

Controversies in Identification and Risk Adjustment of Nosocomial Infection
- Colonization vs. Infection
- Device Days
- Optimum Risk Adjustment: Point/Counterpoint

Tbo Epidemiology and Prevention of Errors in Medicine
- The Epidemiology of Error's: Lessons from Adverse Drug Events
- Approaches to Error Detection and Reduction
- Human Factors and Systems Analysis in Medical Errors

Emerging Problems with Nosocomial Fungi
- Resistant *Candida*: What Does It Mean?
- Outbreaks of Unusual Fungi
- Fungal Infections in Pediatric Patients

Re-Engineering Infection Control
- Dollars and Sense: Practical Guide to Cost Analysis
- Cost Justification of Safety Devices to Prevent Transmission of Bloodborne Pathogens
- Proving Your Value Today and in the Future

Meet the Consultants:
Seven Meet the Consultant Sessions where you can consult with specialists in your field of interest.

For additional information regarding the SHEA Annual Meeting, please contact the SHEA Meetings Department; 19 Mantua Road, Mt. Royal, NJ 08061, Telephone (609) 845-7220 or Fax (609) 853-0411. email: meetings@tmg.smarthub.com

NOTE: THE DEADLINE FOR **EARLY** REGISTRATION IS **MARCH 20, 1998**

ABSTRACT **SUBMISSION DEADLINE:** JANUARY **9, 1998**

INFECTION CONTROL PRACTITIONER

Think of us first!

For everything you've been looking for in your career, look to **Health** Fit! We are currently offering an exciting opportunity for a talented, experienced specialist to join our multi-faceted team of professionals. Located on East Central Florida's beautiful "Space Coast," Health Fist employees enjoy:

. NO STATE INCOME TAX
. A RELAXED BEACHSIDE COMMUNITY
. AFFORDABLE HOUSING
. ABUNDANT RECREATION
. EASY ACCESS TO ORLANDO

Accept the challenge to promote quality in infection control, epidemiology practices and serve as a clinical resource throughout all Health First entities. The ICP assumes the roles of practitioner, educator, manager, consultant, patient advocate, investigation, and promotes continuous quality improvement.

Candidates must possess or be pursuing a Bachelor's degree, Master's preferred. Must be a Florida licensed RN or in area of clinical specialty with a national certification in Infection Control. Experience in epidemiology preferred.

For immediate consideration or more details, please call **Employee Relations at 407-676-7110. Or send your resume to: Health First/Holmes Regional Medical Center, Employee Relations, 1350 S. Hickory St., Melbourne, FL 32901.** *http://www.health-first.org* EOE.
