Neural delay differential equations: learning non-Markovian closures for partially known dynamical systems – CORRIGENDUM

Thibault Monsel, Emmanuel Menier, Onofrio Semeraro, Guillaume Charpiat and Lionel Mathelin

DOI: https://doi.org/10.1017/dce.2026.10053. Published by Cambridge University Press, 22 June 2026.

The authors apologise for accidentally omitting the second author, Emmanuel Menier, from the author list when the article was submitted.

Emmanuel Menier has confirmed that he meets Cambridge University Press criteria for authorship of the published article, which are based on ICMJE criteria.

Thibault Monsel, Onofrio Semeraro, Guillaume Charpiat and Lionel Mathelin have also confirmed that they meet authorship criteria for the published article and have consented to the addition of Emmanuel Menier as an author.

The authors have confirmed that no other individuals meeting authorship criteria are missing from the authorship list.

The original article has been updated to include Emmanuel Menier in the authorship list.

An updated Author Contributions statement is as follows:

Conceptualization: T.M., E.M., O.S., G.C., and L.M. Methodology: T.M., E.M., O.S., G.C., and L.M. Data curation: T.M. Data visualization: T.M. Writing original draft: T.M., E.M., O.S., and L.M. All authors approved the final submitted draft.
