CONGRESS OBJECTIVES

The objectives of the 13th World Congress on Disaster and Emergency Medicine are to:

1. Critically examine and redefine the scope of disaster and emergency medicine in these changing and challenging times;
2. Advance the international body of knowledge for the health response to disasters and humanitarian emergencies;
3. Develop global philosophies, evidence-based standards, and collaborative networks to guide the health response to disasters and humanitarian emergencies for the next 20 years; and
4. Prepare a strategic plan to lead the way in developing research, education, and evaluation of the health response to disasters and humanitarian emergencies, and to facilitate their integration into practice.

By providing a stimulating, challenging, interactive and rewarding scientific and professional program that is inclusive, culturally sensitive, unbiased, ethical, and dynamic, and acknowledges the multidisciplinary contributions in this field;

- enabling each delegate to enrich their personal network in the field of their interest, to take home outcomes relevant to their personal needs, and to foster their active contribution to an ongoing international collaboration;
- enabling delegates to make a personal contribution to the global health response to disasters and humanitarian emergencies by contributing to the development of outcomes from a WADEM Committee and/or Task Force;
- providing an enjoyable and culturally enriching social program for delegates and associates; and
- forming the Oceania Disaster Medicine Group.

Special Offer to Medical Libraries

Now is the Time to Get a Complete Set of *Prehospital and Disaster Medicine*

We have a limited supply of back issues of *Prehospital and Disaster Medicine* in storage and recognize that this stash does no one much good. Therefore, we are offering you a nearly complete set of Journals for the cost of shipping the set to you. We will do this if you agree to subscribe to PDM for a minimum period of three years at the price of $120/year (plus shipping: institutional rate). (Reminder that the Institutional rates increase on January 1, 2003 to [U.S.} $250.) Sets will be distributed on a first come, first served basis. If you are interested, please indicate by sending us an e-mail containing your address and billing information, and we will send your institution all of the issues we have left in stock. Thus, you help us and we help you.

Thank you in advance for your interest.
