NOTICE TO CONTRIBUTORS.

N.B.—The Editors will be glad to receive contributions of interest, clinical records, etc., from any members who can find time to write (whether these have been read at meetings or not) for publication in the Journal. They will also feel obliged if contributors will send in their papers at as early a date in each quarter as possible.

Writers are requested kindly to bear in mind that, according to LIX(*a*) of the Articles of Association, "all papers read at the Annual, General, or Divisional Meetings of the Association shall be the property of the Association, unless the author shall have previously obtained the written consent of the Editors to the contrary."

Papers read at Association Meetings should, therefore, not be published in other Journals without such sanction having been previously granted.

The Editors regret that the Journal has to be reduced in size to such a large extent. They have received instructions that, owing to the exigences of existing circumstances, scarcity of paper, increased cost of production, etc., its dimensions on this occasion must not exceed 64 pages, exclusive of List of Members. They have therefore been obliged to postpone the publication of a good deal of the material in hand, and already printed, to a future issue. Writers of papers which have thus to be withheld for the present will kindly accept this notice as explanation.
